MSB/SEC(50)75MILITARY SECURITY BOARDSECRETARIATISSUANCE OF LICENSES FOR THE MANUFACTURE  
OF MACHINE TOOLS

1. Subject to the submission of the necessary information and provided that the application complies in other respects with Regulations 1 and 3 of AHC Law No. 24, Land Commissioners will consider the application for the manufacture of the machine tools listed in Schedule D, Group II (F), and issue the necessary manufacturing licenses provided that:

- (a) the machine tool is for a known user and is destined for use in the Federal Territory; i.e., it is not for export or stock;
- (b) that the Land Commissioner has no reason to believe that the machine is not intended for peacetime use, and:
  - (i) that there is no abnormal concentration in the user's plant of the types of machine tools listed in Schedule D, Group II (F);
  - (ii) that the machine tool is not intended for installation in a plant which had previously been listed by the Occupation Authorities as a Category I war plant;
  - (iii) that no similar machine tools are held in stock in abnormal quantity by the applicant.

2. Applications not covered by paragraph 1 (a) and (b) above and all applications recommended for denial by the Land Commissioner will be forwarded to the Military Security Board for decision.

3. All licenses shall clearly state:

- (a) the name of the person authorized to manufacture;
- (b) specification of the machine, including the item reference in Schedule D, Group II (F);
- (c) the key dimensions of the machine, as designated in Schedule D, Group II (F);
- (d) the quantity of type and specification for which the authorization is granted;
- (e) the address of the premises in which the items are to be manufactured;
- (f) the estimated date of the commencement and completion of manufacture;
- (g) the name, location and nature of business of the intended user.
